

Meet the Teachers...

Karren Colbert has a decade of teaching experience. Prior to starting Write Brained Learning, Mrs. Colbert spent time as a fourth grade teacher, reading teacher, and an instructional coach. She holds a Bachelor of Science degree from the University of Missouri and a Master of Curriculum and Instruction degree, also from the University of Missouri. In 2005, Karren was recognized as the University of Missouri Alumni Association's Outstanding Young Professional, but her greatest accomplishment is being a mom to her two beautiful girls.

Linda Fryatt has been teaching more than 20 years. With degrees in education and fine arts, Mrs. Fryatt has taught art to children, Kindergarten through fifth grade, and has served as a Mentor Teacher to new teachers in the Independence, Missouri, School District. Linda's passion for children's literature and art provides the perfect avenue for teaching students how to not only look at their surroundings, but to see and record their discoveries using pictures and words.
